FACILITIES

Recreation and Wellness

At our hotel, we believe in the perfect balance of recreation and wellness. Immerse yourself and indulge in pure relaxation at our Harmony Spa. The dusky lighting, the aroma of fresh herbs from the garden and the soft nature sounds in the background transports you to a magical place of relaxation. From there the professional staff will pamper you, as you deserve on your holiday. For those looking for that extra special touch treat your significant other (and yourself) to a couples massage by the beach, followed by a 30-minute reflexology or scalp massage for him and a manicure for you.

Sports

Serenity and inner balance are two values deeply rooted and equally cherished here. To honor these principles, we incorporate a variety of related activities throughout our premises, ensuring that each location serves as an ideal backdrop for fostering tranquility and mindfulness. For instance, our beachfront is the perfect setting for our yoga classes, providing a serene environment where the gentle sound of the waves and the fresh sea breeze enhance the overall experience.

This harmonious blend of nature and practice allows participants to fully immerse themselves in the pursuit of peace and well-being, making each session a truly rejuvenating escape.
